

ACT Out - Comprehensive List of Programs

The ACT Out Ensemble uses scripted content (scenarios) generated to meet an audience's needs and transforms it into improvisational, interactive theater programs. Professional actors deliver performances focused on a variety of topics salient to youth and adolescents that are followed by frank, research-based and to-the-point analysis by both audience and presenters.

A low cost/high impact program with minimal involvement from schools (only a 1-hour investment), ACT Out programs are proven to be a great complement to current SEL programming, evidence-based for SEL fidelity, with a 97% - 100% fidelity rate. IPS has 75 free programs funded for a limited time. To view a one-minute promotional video, click [here](#).
